

CT Lung Screening Referral

PATIENTS MUST MEET THE FOLLOWING CRITERIA TO BE ELIGIBLE FOR A CT LUNG SCREENING: They must be between the ages of 55 and 77. They must have a minimum of a 30 pack-year history of smoking. They must be either current smokers or former smokers who have quit within the past 15 years.

Appointment Date _____ Time _____ : _____ AM PM
 Appointment Location _____

Please complete the following questionnaire to determine if the patient is eligible for CT Lung Cancer Screening:

1. Is the patient age 55 to 77? YES NO
 2. Is the pack-year number greater than or equal to 30? YES NO
 How many years has the patient smoked? _____ How many packs a day does/did the patient smoke on average? _____
 Multiply those two numbers together to get the pack-year history. _____
 3. Is the patient a current smoker, or if not, did they quit within the past 15 years? YES NO
- If you checked "NO" for any of the questions listed in bold above, the patient is NOT eligible to receive the CT Lung Screening.
